

How to share articles on the Closed Group Minuteman Indivisible Facebook Page

Note: The following information pertains to a laptop / desktop interface. The interface on a tablet or phone might be different but the ideas should still hold.

Sharing an article from your Facebook feed.

Note: not everything on Facebook is shareable - if the item was posted as private or is in a private group, then it probably isn't shareable. If there is an article in a "private post", you may be able to click through to the article and then share the article. If you see a 'Share' at the bottom of the post, then it is shareable.

Follow these steps to share a shareable item:

- At the bottom of the FB post, click 'Share'
- Click 'Share...'
- Click on the 'Share on your Timeline' box at the top left
- Click 'Share In a Group'
- After "Group" enter "Minuteman Indivisible"
- If you want, you can enter a message where it says "Say something about this..."
- Click 'Post'

Sharing an article from another source online (a newspaper, etc)

If there is a Facebook icon on the page (a f surrounded by a dark circle) then you can share the item right from that page.

Follow these steps to share an item with has an icon:

- Click on the Facebook icon
- Click on 'Share On Your Timeline'
- Click on 'Share in a Group'
- After "Group" enter "Minuteman Indivisible"
- If you want, you can enter a message where it says "Say something about this..."
- Click 'Post'

If there is not a Facebook icon on the page (e.g. some webpage), then you can grab the link from the address field/search bar at the top of the browser and post it on Facebook.

Follow these steps to share an item that does not have a icon:

- Click on the address field/search bar
- Highlight the entire path to the page.
- 'Copy" the path
- Go to Minuteman Indivisible closed group page on Facebook
- Click on the 'Write something' box at the top
- 'Paste' the path
- Add a comment if you want
- Click 'Post'

Sharing a photo

Assuming that your photo is saved on your device, follow these steps:

- Go to the MI Facebook closed group.
- Click on 'Write something'
- Type in your message
- Click 'Photo/Video'
- Select your photo(s)
- Click 'Post'
